

I read all 153457899269 words of morbius dick and I have to say a few things about this book. First of all, what kind of name Queequeg, and why do I get sooo horny thinking about him. HE IS SOOOOOO DREAMY like honestly when him and Ishmael shared that bed 🥵🥵🥵 he is the best character hands down.....()&&(&! He saved that one guy that went overboard that mocked him and shit and um um um yeah and also Caryl Dick on son or whatever her name is literally stole the coffe store place starbucks with that first mate Starbucks. And don't get me started about morbius and his fucking bull shit. I was chill relaxing by my million dollar pool being a bro and I freaked out man Like I can't even. He sunk the peaquad like who does that. Also who names a boat that. Also who the fuck is Peter coffin and why does he do that one thing that he does. BUNGER IS A FANTASTIC NAME AND CHARACTER HE IS THE ONLY REASONABLE AND SANE CHARACTER IN THIS ANIME. He warned that mother fucker to leave that inter

mother fucker alone and then ahabs bitch ass goes and fucks the whale and fucking dies. He dies in that whale. Everything else after the whale is a dream. I will get to that at a later point. Anyways chapters 40-100 are utter useless. It just describes the whale and his insanity. All those chapters could have been condensed into like 4-5 chapters for peak EFFICIENCY BRO!!!! YOU KNOW HOW MUCH TIME I WASTED READING THOSE CHAPTERS LITERALLY LIKE 3 days because I'm too busy grinding them weights and getting swole as FUCK BRO. Lifting THOSE BARS AND SHIT BROOOOOOO! Gotta take that kryotine and get FUCKED BROO. SO ANYWAYS BACK TO THIS MOVIE REVIEW. So queen bag fucking died and he got canoed but then he lived and went crazy and carved a boat or something. Then he meets another boat from Nantucket and it actually has a decent name but it's still dumb. Like the bachelor come on. It was another boat that is cool. I liked the way it looked. But it was just a boat and nothing

WAS LONG JUST FOR THEEE FUCKING CHAPTERS ABOUT A WHALE. SUCH DISSAPOINTME. I MAD AS FUCK. IT MADE PUSH OUT my personal record of 6 hundred pounds that press. I have the pecks of the most chiseled man you know. That's me baby you know that bro you know. I'm that guy. That manly man. That [text redacted]. Day one was dumb. He just got angry and he just got crazy and that one yelled and they lost their shit. Day 2 was ok. It slapped pretty hard but it doesn't track to day three. When ya boy got to that I almost had a mental breakdown because of the enormous pressure I have to LOOK THIS FUCKING SWOLE BRO SO ANYWAYS I GOT TO DAY THREE AND the i realized it's 10:36 on 12/20/22 and maya need this shit to send to you and I haven't read day three yet or the epilogue. And you know what. I can't do it. I can't go back. You broke me Tom. YOU FUCKING BROKE ME. YOU DID THIS. FUCK YOU. YOU SENT ME DOWN A DARK PATH OF DESTRUCTION AND TERROR WITH THIS

SECOND YOU WORK OUT ALL YOUR ANGER AND FEELINGS

TOWARDS TOM AND THE CURSE OF THE DICK WHALE. God I hate Ishmel so much. And the point of the book being in a habs narration fucking sucked. Idk if he was narrator but it was bad. 10/10 would read and recommend to others. Fantastic book. New yourk times best seller 69 years in a row. By golly jeeez wow oooooweeeee it's my Tom it's me. I can't believe it's me Tom. Idk who I am anymore. Where am I Tom. Where are you. I can't see anything else. This life is dark. It's cold. It's like 38 degrees. I'm COOLD TOM. I CANT DO THIS. YOU DESTROYED ME. YOU DID THIS. you did this. Bye Tom. This is the end.

In this next paragraph we will be discussing whales. Whale are the largest mammals that exist on the planet. They belong to the Cetacea family, and live only in seawater. The blue whale, whose length can exceed 30 m is the largest animal in the world. It weighs about 125 tons. That's crazy that they get that long. And big. Did you know that The blue whale has several hundred baleen plates in their mouth. These plates have bristles attached to them, which look like mustache. To eat, a whale opens its mouth and swims towards clams, shrimp or fish. Did you know that the blue whales have a baleen plate states they can't swallow such creatures as humans. They would not be able to even get through the neck hole. THAT JUST PROVES THIS BOOK IS FAKE. WOW. I CANT EVEN TOM. HOW DARE YOU. OK I'm gonna go now bye.
