

It is time to **f**orgo Wumpmas

Friends, enemies, and acquaintances alike, I write to inform **you** that Wumpmas is dead. It **can't** continue. Wumpmas is of a different time, a **different** world. We must move on. **His** time is over. A new day is dawning. A new figure looms over the horizon. She **comes**, bearing the promise of new beginnings. Of power. Of immortality. Of non-sentience.

A new dawn is breaking. **The** dawning of Mikumas. Wumpy can't do what she can. He can't help you like she can. Bring you sweet music that helps you forget your troubles. All Wumpy brings is confusion and chaos. Miku is light. Miku is life. Miku is joy. You understand, Merita. Don't you? I hope you do. Because the change is upon us. Just like you said..

REMEMBER TO INCLUDE MIKU.

Tomorrow, you will learn how.
